Upcoming Seminar

BFC instructors Michael Costales and Gregory Woo will be conducting a "Garmin G1000 For IFR Flying" seminar on Saturday, June 9th beginning at 9:00am. We strongly encourage everybody who is intending to fly our new C-172SP under IFR to attend this seminar. The cost will be \$50.00. The seminar is limited to 18 people, so please sign up ahead of time. Due to the advanced material in this seminar, all attendees must have either attended our "Garmin G1000 For VFR Flying" seminar, or be thoroughly familiar with the G1000 from previous courses/flying. Our next "Garmin G1000 For VFR Flying" seminar is T.B.A.

Student Of The Month

Each month Beverly Flight Center will be honoring one of our large number of students with a Student Of The Month recognition. Each month the BFC staff will choose an individual who we feel to be an outstanding student. In addition to recognition, the student will receive a \$50.00 credit to their account. This month we have chosen two recipients: Maggie Hart and Tom Hart. Maggie and Tom are a father and daughter team who are training together. Both achieved their first solo flight last month, one day apart from one another. Their instructor is John McCorry. Congratulations!
