### Flight Instructor Of The Month

Michael Costales

### Student Of The Month

Each month Beverly Flight Center will be honoring one of our large number of students with a Student Of The Month recognition. Each month the BFC staff will choose an individual who we feel will be an outstanding student. This month's recipient is Josh Sim. Josh is a student in the N.S.C.C. Aviation Science Program and is working towards his Instrument Rating. His instructor is Michael Costales. Congratulations!

### December Special...

Come fly our 2006 C-172 SP for \$109 per hour (regular rate \$145). The fuel surcharge and CFI rates are additional. Prepay 5 hours in this aircraft and attend the G1000 seminar for free!

### Holiday Special...

Our annual Christmas Holiday Gift Certificate special will occur on Saturday December 22<sup>nd</sup> and Sunday December 23<sup>rd</sup>. All gift certificates will be 20% off on cash and check sales and 15% off on credit card and debit card sales. There will be a \$100 minimum on all sales and a maximum of \$2500. Here it how it works: purchase a \$100 gift certificate, your account will be credited for \$120 (payment by cash & check) or \$115 (payment by credit card & debit card). Give the gift of flight this holiday!

### New Flight Instructor...

Thiago DeJesus is our newest CFI and is available for instruction part-time. We wish him the best!

### Back Up And Running...

Runway 9-27 is FINALLY open again after several delays. Hopefully it will remain open for good this time!

### New Airplane...

BFC now has two glass-cockpit, or Technologically Advanced Aircraft (TAA) as they are called, aircraft in our fleet. The C-172 SP (N13151) is equipped with the G1000 system and the Archer III (N656ST) is equipped with the Avidyne Entegra/Garmin GNS 430 system. Both aircraft are equipped with autopilots. We have already had several seminars on these two systems. If you are interested in attending one of these seminars please let the desk person know and we will arrange another session for January. Keep in mind that to get checked out in either of these aircraft you will be required to attend the corresponding seminar.

### New Training Tool...

We now have an external power pack for our new Archer III. This will allow for ground training and practice with the Avidyne Entegra glass cockpit system without actually flying the aircraft! The rental charge for the unit is only \$10.00 per hour. Rent it for "solo" practice, or schedule an instructor for the additional instructor rate.

HAPPY HOLIDAYS FROM ALL OF US AT BFC!!!
