

BFC Newsletter

JULY 2008

Be sure to check out our website at Beverlyflightcenter.com. We also have two e-mail addresses where you can reach us with any all of the questions that you may have: "ArneBFC@verizon.net" and "Beverlyflightcenter@verizon.net."

Upcoming Ground Schools

PRIVATE PILOT: Begins on Tuesday Aug 12th @ 6:30 p.m. The instructor will be AnnMarie Murphy.

INSTRUMENT PILOT: Begins on Monday Aug 4rd @ 6:30 p.m. The instructor will be Rick Autori.

Recent Accomplishments

Beverly Flight Center, Inc. would like to congratulate the following individuals on their accomplishments during the month of June:

FIRST SOLO:

Alfonso Nascimento, 6/2/08

Drew Snadecki, 6/2/08

Tom Meler, 6/3/08

Almus Kenter, 6/3/08

Henry Ferland, 6/8/08

INSTRUMENT

Bobby Curry, 6/14/08

Josh Sim, 6/14/08

Rob DeCoursey, 5/7/08

MULTI-ENGINE INSTRUCTOR

Greg Woo, 6/13/08

FLIGHT INSTRUCTOR

Sally Kroeker, 6/2/08

Employee Of The Month

Greg Woo

Student Of The Month

This month's recipient for Student Of The Month is Henry Ferland. Henry has been flying for several years at a rate of one hour per year. Recently he has begun flying quite a lot. His instructor is Steve Lehar. Congratulations!

New Flight Instructor

We would like to welcome flight instructor Sally Kroeker to the BFC family. Sally will be available during afternoons and weekends for the time being. Welcome aboard!

BFC In The News....

Instructor John Singleton took a reporter and photographer from the Salem Gazette for a flight last week. The reporter wrote two articles about the flight, entitled "Notes From Above Ground" and "Sky's The Limit." They can be viewed on the Salem Gazette website.

C-172SP: N13151

N13151 is officially off the flight line. Due to a lack of activity with this aircraft we have decided that it is no longer feasible to keep such a nice yet expensive aircraft on the flight line when so few people were flying it.

New Runup Area

The runup area for Runway 9 has changed yet again. The dedicated runup area will no longer be used. Instead, all runups will be conducted on Taxiway Foxtrot. Aircraft are then to proceed to the runway via Taxiway Delta. Please see the desk for details.

Noise Abatement

When departing on all runways at Beverly climb on the extended runway centerline until reaching 800' MSL before making any turns. The traffic pattern altitude is still 1100' MSL.

Forth Of July

BFC will be closing at 11:00am on the Fourth of July. Anybody wishing to rent aircraft after that time can make arrangements at the desk.

Enjoy The Warm Weather!
